Accelerating North America's Green Hydrogen Economy

About the Green Hydrogen Event

Green Hydrogen Coalition (GHC) is teaming up with Strategen to host their annual event, Catalyst H₂TM, in Long Beach, CA at Hotel Maya. This in-person event brings together green hydrogen market makers to accelerate North America's green hydrogen economy. Don't miss the opportunity to network with the green hydrogen ecosystem, including multi-sectoral buyers, investors, innovative technology and solutions providers, developers, policy makers, community leaders and global movers and shakers.

This inspiring green hydrogen event has an immersive program focusing on:

- Why green hydrogen is a game changer to accelerate a clean and just energy transition
- How ports can serve as an epicenter to multi-sectoral green hydrogen hub development
- Technology innovation and case studies of mass scale green hydrogen production, transport, and storage
- How hubs are strengthening local and regional community engagement to accelerate progress and co-create the green hydrogen roadmap
